Request to Waive a Provisional Course on a Graduate Program of Study

A graduate student may request to waive a provisional course requirement if:

1. A student's graduate advisor recommends waiving a provisional course based on the student's prior experience.
2. A student satisfies a CSCI/ESOF provisional course by taking a higher level course in the same sequence, for example CSCI 338/CSCI 538, with instructor's permission and earning at least a B grade. In this case, this form must be submitted **before** the student enrolls in the higher level course.

Student name: _____

GID: _____

Provisional course: _____

(Option 1) What is the relevant student experience that justifies waiving of the provisional course?

(Option 2) Higher level course proposed to waive the provisional course: _____

Is the provisional course a prerequisite for the higher level course?

- required prerequisite recommended prerequisite not a prerequisite

Remediation actions required by the instructor of the higher level course.

Actions required prior to enrollment (failure to complete these will result in unenrollment):

Action required concurrent with the higher level course (failure to complete these will result in the provisional course not being waived):

Student signature: _____ Date: _____

By signing the student acknowledges it is their responsibility to complete any gaps in preparation for the higher level course.

Instructor signature: _____ Date: _____

Advisor signature: _____ Date: _____

School director signature: _____ Date: _____
