EDUCATION

Montana State University, Bozeman MT - *Computer Science*

AUG 2020 - PRESENT

- GPA: 3.46
- Expected Graduation: Spring 2025
- Coursework: Web Design, Data Structures and Algorithms.

SKILLS

Skilled in: Python, Haskell

Proficient with: Java, HTML, CSS

PROJECTS

QGIS Custom Scripting:

https://github.com/JamisonCleveland/qgis-custom-scripts

- Developed various custom scripts to automate a surveyor's workflow with processing aerial drone photographs.
- Used the Python scripting API for QGIS to group images by the location they were taken in, as well add bookmarks to the selected locations.

Simple Particle Simulation:

https://github.com/JamisonCleveland/billiard-ball-sim

- Developed a simple simulation of particles that bounce on edges of a box. Used Haskell, and the Gloss vector graphics API.

EXPERIENCE

Ashley Furniture Homestore, Great Falls, MT - *Warehouse Laborer*

JUN 2021 - AUG 2021

- Part time
- Assembled and transferred furniture for both the store and for customer pick up, assisted in furniture deliveries. Performed other tasks such as cleaning and lawn care.
